Gravity Feed

The Spaceman gravity-fed machines produce consistent product quality with a solution that is easy to operate and easier to clean with less moving parts.

Fast Freeze Down

Patented high efficiency heat exchanger allows fast freeze down with low energy consumption

Auto Programming

Allows automatic switching of operation modes based on preset schedules

Standby

Maintains product temperature in both mix hopper and freezing cylinder below 4.4°C (40°F) overnight

Reduced Parts

Reduced parts improve cleaning time and operational experience.

Defrost for Cleaning

Increases efficiency during cleaning by heating frozen product in cylinder

Quick Freeze

Turn on freeze immediately to freeze down to serving viscosity when quick service is required after long idle period

Self-closing Valve with Speed Control

Automatically prevents product overflow after dispense; Provides flexibility in dispense rate control
